

Department of Mechanical Engineering

Refrigeration & Air Conditioning Laboratory

This laboratory is well-equipped and enables students to understand the basics of refrigeration and air conditioning. This laboratory is a part of mechanical engineering students with advance apparatus to carry out experiments independently.

Lab In-charge: Er. Ved Raj Khullar

Technical Staff: Mr. Palwinder Singh

Name of Apparatus:

- Refrigeration Test Rig
- Window Air Conditioning Test Rig
- Eletrolux Vapor Absorption Test Rig
- Water and Water Heat Pump

Apparatus:
