## Gender Sensitization Cell

### Introduction:

The gender sensitization cell has been constituted at the university in order to promote gender equality guaranteed by Article 15 of the Indian Constitution. The cell aims to handle and respond to gender sensitive issues and provide an environment where all genders can work together with a sense of personal security and dignity.

### Objectives:

1. To create gender awareness among the students of the university
2. To provide an integrated and interdisciplinary approach to understand the social and cultural constructions of gender that shape the experiences of people in society.
3. To create awareness regarding equality in law, social system and democratic activities.
4. To identify gender champions for ensuring the gender-safe and gender-neutral environment in the university campus.

### Responsibilities:

1. To identify gaps in school/college's activities vis-à-vis gender, and make recommendations on how to address these gaps, e.g., observe classrooms to detect bias in interactions.
2. To promote Gender Champion Club in the institution and undertake innovative activities, like creating a website or blog on gender equity and regularly writing an equity column on issues, e.g. untold stories of extraordinary men and women who changed lives of people, about enabling legislations, government schemes or competitions to analyze? Greeting cards from gender perspective, organize film fest on gender equity etc.
3. To organize awareness programs on various gender issues including legislations to influence behavior change. This could be facilitated through workshops, theme based plays, films, painting competition, etc.

### Gender Sensitization Committee:
