## SC/ST Cell

### Introduction:

An SC/ST cell has been established to promote the specific needs of students from underrepresented groups from SC/ST communities and to inform them of various scholarship programs and welfare activities that could help them with their issues.

### Objectives:

- To establish a setting free from caste-based prejudice where all groups can engage in all academic and extracurricular activities.
- To plan interactive sessions with students to discuss their social, academic, and personal issues.
- To make sure that laws against caste and religious discrimination are upheld.
- To keep tabs on the institution's effective deployment of the reservation

### Responsibilities:

- The committee frequently updates the students on the various government and private scholarship programs.
- Meetings are frequently scheduled by the committee to discuss the issues impacting SC/ST students and to empower them for a better future.
- By getting more students involved in grooming-related activities, the committee aids students in overcoming their inferiority complex.
